CREDIT CARD

PROTECTS YOUR ID • STOPS RFID THEFT

MET Labs, a leader in electrical & RFID testing worldwide, has tested Scanner Guard Card and proved that it works to stop credit card RFID information from being read by scanners

Scanner GUARD MIRROR CARD™

Item #SGMC012

4 893203 202212

Protects personal information stored on Credit cards, Debit cards, Smartcards, RFID Driver's Licenses, and any other RFID Cards from e-pickpocket thieves using handheld RFID scanners. Includes Bonus Mirror Feature for face maintenance any time, any where.

Simply add one Scanner Guard Mirror Card (SGMC) and one Scanner Guard Card (SGC) into a wallet, credit card holder or clip as shown in Fig 1 and Fig 2 to block all unwanted RFID Scanners.
